

MEGA2700 4-CHANNEL 2-WAY LCD REMOTE START WITH CAR ALARM

- One 5-Button 2-Way LCD Transceiver Up To 2000 Feet
- One 5-Button Mini Transmitter Up To 1000 Feet
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Audio, Visual, And Vibrating Confirmation
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Tach / Voltage Sense Start For Gas / Diesel Engines
- 3 / 24 Hour Auto Timer Start And Turbo Timer
- 5 / 10 / 20 / 30 Minute Run Time Setting
- Keyless Engine Running Mode (Pit Stop Feature)
- Channel 3 Trunk Release And Programmable Channel 4 Outputs
- Dome Light, Horn Honk, Starer Disable, Ground While Running Outputs
- 3 Safety Shutdown Inputs For Neutral Switch, Hood Switch, Brake Switch
- 5 Relays On-Board: Starter, Ignition 1, Ignition 2, Accessory, Parking Lights

MEGA2000 4-CHANNEL 2-WAY LCD REMOTE START WITH KEYLESS ENTRY

- One 5-Button 2-Way LCD Transceiver Up To 2000 Feet
- One 5-Button Mini Transmitter Up To 1000 Feet
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Audio, Visual, And Vibrating Confirmation
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Tach / Voltage Sense Start For Gas / Diesel Engines
- 3 / 24 Hour Auto Timer Start And Turbo Timer
- 5 / 10 / 20 / 30 Minute Run Time Setting
- Keyless Engine Running Mode (Pit Stop Feature)
- Channel 3 Trunk Release And Programmable Channel 4 Outputs
- Dome Light, Horn Honk, Starer Disable, Ground While Running Outputs
- 3 Safety Shutdown Inputs For Neutral Switch, Hood Switch, Brake Switch
- 5 Relays On-Board: Starter, Ignition 1, Ignition 2, Accessory, Parking Lights

MEGA2400 4-CHANNEL REMOTE START WITH CAR ALARM SECURITY SYSTEM

- Two 5-Button Mini Transmitters Up To 1000 Feet (2-Way Upgradeable)
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Tach / Voltage Sense Start For Gas / Diesel Engines
- 3 / 24 Hour Auto Timer Start And Turbo Timer
- 5 / 10 / 20 / 30 Minute Run Time Setting
- Keyless Engine Running Mode (Pit Stop Feature)
- Channel 3 Trunk Release And Programmable Channel 4 Outputs
- Dome Light, Horn Honk, Starer Disable, Ground While Running Outputs
- 3 Safety Shutdown Inputs For Neutral Switch, Hood Switch, Brake Switch
- 5 Relays On-Board: Starter, Ignition 1, Ignition 2, Accessory, Parking Lights

MEGA250 4-CHANNEL REMOTE START WITH KEYLESS ENTRY SYSTEM

- Two 5-Button Mini Transmitters Up To 1000 Feet
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Tach / Voltage Sense Start For Gas / Diesel Engines
- 3 / 24 Hour Auto Timer Start And Turbo Timer
- 5 / 10 / 20 / 30 Minute Run Time Setting
- Keyless Engine Running Mode (Pit Stop Feature)
- Channel 3 Trunk Release And Programmable Channel 4 Outputs
- Dome Light, Horn Honk, Starer Disable, Ground While Running Outputs
- 3 Safety Shutdown Inputs For Neutral Switch, Hood Switch, Brake Switch
- 5 Relays On-Board: Starter, Ignition 1, Ignition 2, Accessory, Parking Lights

MEGA2500 4-CHANNEL 2-WAY LCD CAR ALARM SYSTEM

- One 5-Button 2-Way LCD Transceiver Up To 2000 Feet
- One 5-Button Mini Transmitter Up To 1000 Feet
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Audio, Visual, And Vibrating Confirmation
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Door Lock And Unlock Relays On-Board
- Double Pulse And Driver Priority Unlock
- Channel 3 Trunk And Programmable Channel 4 Outputs
- Dome Light, Horn Honk, And Starter Disable Outputs
- Trigger points for Ignition, Hood / Trunk, - / + Doors

DATA INTERFACE AND BYPASS

Canbus / Databus Interfaces
And Transponder Overrides

UPGRADE TO CAR ALARM

- Pre-Load Alarm System
- OEM Remote Capability
- Add-On Remotes Option
- Databus & Tracking Ports
- Dual Stage Shock Sensor
- Passive / Active Arming
- Automatic Rearm Feature
- Ignition Controlled Locks
- Trunk Release Output
- Dome Light Output
- Siren / Horn Output
- Hood/Trunk/Door Inputs

MEGA680 4-CHANNEL CAR ALARM WITH LONG RANGE

- Two 5-Button Mini Transmitters Up To 1000 Feet
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Door Lock And Unlock Relays On-Board
- Double Pulse And 2-Step Door Unlock
- Passive Alarm Arming And Door Locking
- Channel 3 Trunk And Programmable Channel 4 Outputs
- Dome Light, Horn Honk, And Starter Disable Outputs
- Trigger points for Ignition, Hood / Trunk, - / + Doors

UPS - ADD-ON SHOCK TO FACTORY ALARM

SMARTPHONE REMOTE START

- GPS Vehicle Locator
- iOS And Android Apps
- Add-On To Interface Module
- Lock / Unlock Vehicle Doors
- Trunk / Hatch Access
- Control Vehicle Accessories
- Real Time Vehicle Status
- Theft Alarm Notifications
- Remote Start Trouble Code

VS3030 4-CHANNEL CAR ALARM WITH 5 RELAYS

- Two 5-Button Transmitters Long Range 433MHz
- Random Code Hopping With Anti-Scan Technology
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Door Lock And Unlock Relays On-Board
- Double Pulse And 2-Step Door Unlock
- Passive Alarm Arming And Door Locking
- Starter And Ignition Disable Relays On-Board
- Channel 2 Trunk And Channel 3 Auxiliary Outputs
- Dome Light, Headlight, And Pager Outputs
- 9-Volt Backup Battery Input In Case Of Power Cut

VEHICLE GPS TRACKING

- GPS And Cellular Tracking
- Easy Web Based Access
- iOS And Android Apps
- Email Notifications
- Speed Notifications
- Voltage Sensing
- Multiple Geofences
- Generate Trip Logs
- Small Compact Design

MEGA3000 4-CHANNEL CAR ALARM WITH 5 RELAYS

- Two 3-Button Transmitters Long Range 433MHz
- Random Code Hopping With Anti-Scan Technology
- Dual Stage Shock / Impact Sensor With Pre-Warning
- Door Lock And Unlock Relays On-Board
- Double Pulse And 2-Step Door Unlock
- Passive Alarm Arming And Door Locking
- Starter And Ignition Disable Relays On-Board
- Channel 2 Trunk And Channel 3 Auxiliary Outputs
- Dome Light, Headlight, And Pager Outputs
- 9-Volt Backup Battery Input In Case Of Power Cut

MEGA3100 4-CHANNEL 2-WAY LCD MOTORCYCLE ALARM

- One 5-Button 2-Way LCD Transceiver Up To 2000 Feet
- Long Range Superheterodyne (SAW) Receiver
- Random Code Hopping With Anti-Scan Technology
- Audio, Visual, And Vibrating Confirmation
- Built-In Dual Stage Shock / Impact Sensor
- Ignition Disable Relay On-Board
- Passive Arming And Passive Starter Disable
- Dual Parking Lights And Headlight Outputs
- Dedicated Siren And Horn Honk Outputs
- Channels 3 And 4 Programmable Outputs
- Negative Closed Loop Input For Saddlebags
- Negative Instant Input For Tilt Or Radar Sensor
- Ground Out When Armed To Activate Additional Device
